DISPLAY AND FURNITURE TURNKEY SOLUTIONS

PREFERRED PARTNER PROGRAM
SALAMANDER

Today's workplace. Today's most adaptable display + furniture solutions.

Salamander Designs and LG Business Solutions have partnered to bring state-of-the-art, adaptable workplace communication technology and beautiful AV furniture to our mutual integrators, designers and enterprise customers worldwide.

LG is the leading provider of innovative, flexible and feature-packed Commercial Display Products in the market. Salamander Designs is the front runner in manufacturing premium AV furniture that's engineered to connect people wherever they are, while making most of today's technology.

Thanks to this corporate combination, whether you're connecting in person or virtually, your next meeting, training or digital presence can be your best, most productive yet.

SALAMANDER
DESIGNS

Today's workforce is on-the-go and may be in-person, socially spaced or meeting virtually. The need to connect and collaborate easily at a moment's notice is vital.

With Salamander and LG Business Solutions, now you can deploy the latest technology and seamless setup to every conference, meeting and space quickly – whether between managers, mid-sized team huddles or full-blown meetings with thousands around the globe.

Unified communication systems that **connect people and ideas.**

Huddle Rooms & Spaces

Combine Salamander Unifi™ Huddle Tables with LG commercial displays to support your communication and meetings with 2 to 5 people seated or standing with AV cable management, power distribution and more.

Low Impact Installation

Save time & money with reduced construction

Rapid Deployment for display and furniture systems

We help make the most of technology – and your team

Conference Rooms

Deploy Salamander award-winning conference tables with LG displays for larger and socially spaced gatherings that suit 2 to 12 people. Innovative pedestal design allows for all wiring, power, AV components to be stored yet accessible with easy lift off panels.

Quick Connect

Support all technology and maximize user engagement

Table shape options for all space needs

Training Facilities

Education is vital and being able to learn in-person or from a distance is easily solved with Salamander Mobile Stands that support LG commercial displays of all types. Roll the combination from room to room with ease while offering the sturdiest solution for every session.

Premium Crafted, Designer Styles

Unlimited custom options and custom design solutions

Upgradeable and Retro-fit Friendly

Adaptable furniture supports ever-changing technologies and is easily refreshed in lieu of replacement

Huddle @ Home™

In today's world, the need for at-home meeting systems is crucial. Salamander's stylish, adaptable, easy-to-deploy furniture accommodates every meeting, LG display and camera configuration. Easy to personalize and install, eliminate wall cutting and reinforcement while hiding wires.

Digital Messaging and Signage

Easily communicate your latest message with a turnkey digital signage brought to you by Salamander and LG. Offering LG touch and touchless options with premium grade LED Backlit Display technology, Salamander can support it all in style.

Mobility

Quickly and easily move between spaces as needed

ADA Compliant Solutions

Incorporate every compliance & certification

Together, we can meet any room, size + technology need.

With Salamander + LG, you can deliver solutions to meet most any room layout, size and need. Go small, medium, large – even go mobile. Our simple systems can equip a small foyer or digital messaging board up to a multi-level conference center – and everything in between. Scalable solutions allow you to be nimble, flexible and use just what you need when you need it.

SALAMANDER WORKING BEAUTIFULLY FOR YOU

Your next meeting can be your best meeting, with help from Salamander Designs and LG.
Together, we make workplace collaboration unbeatable.
