# OPEN COLLABORATION

ANYTIME, ANYWHERE, ANY PLATFORM

Create an instant, on-demand office collaboration & communication center with Salamander Furniture that support today's technologies and new workplace needs. With preconfigured, turnkey solutions, teams can be more nimble, virtual and quickly adapt to any next gen space!

## OPEN COLLABORATION

In today's workplace, we must adapt and be ready for anything. From Tech Shelves that perfectly position cameras and controllers to convenient Retractable Power Cable Reels, we offer all the functionality to set you up for success. When you press "on" – you're on!

Technology partners provide solutions that, when integrated with Salamander products, create the perfect interactive, collaboration solutions for every corporate environment.

A mobile workforce requires a new kind of collaboration and meeting space. You know your needs. We know furniture. We bring value to the table for every workplace through custom modifications of existing designs – up to full engineering services.

**Salamander Mobile Carts and Stands** that scale video display deployment and support a dispersed workforce.

**Call or email us for a free design consultation.**
