# WORKING BEAUTIFULLY FOR YOU

Salamander Designs and Logitech have partnered to bring state-of-the-art workplace communication technology and beautiful AV furniture to our mutual integrators, designers and enterprise customers.

Logitech is known for world-class peripheral products that bring people together through the latest in meeting video conferencing and touch controls.

Salamander is the recognized leader in manufacturing AV premium furniture that's engineered to make today's electronics, technology and people work and live better.

Thanks to this partnership, your next meeting can be your best. Salamander + Logitech deliver the finest technology and design to unify communications and bring you closer to your most important resources—each other.

Logitech video conferencing room solutions are pre-configured with room-optimized software from Google, Microsoft, or Zoom.

Logitech Room Solutions include all necessary components: Tap touch controller, small form factor computer, in-wall rated cabling, and Logitech Rally Bar Mini, Rally Bar or Rally Plus or Rally conference camera.

# BETTER MEETINGS WITH UNIFIED COMMUNICATION SYSTEMS

Today's workforce is on-the-go at all times. The need to connect and collaborate at a moment's notice is critical. Deploying the right unified communication systems makes every room and everyone in your organization more accessible and productive.

Now you can deploy the same high-tech, stunning solution to every conference and meeting – whether between managers, mid-size team huddles or full-blown meetings with hundreds attending in different countries.
