LARGE SINGLE DISPLAY MOUNT HEIGHT/WEIGHT CAPACITY

		56" - Low	63" - H1	69" - H2	74" - H3	79" - H4	Wall Secured
Center of Vesa Range		47" - 53"	54" - 60"	59" - 65"	44" - 70"	69" - 75"	All
1 Bay	M1	100lbs	100lbs				300lbs
2 Bay	M1	125lbs	125lbs	125lbs			300lbs
3 Bay	M1	300lbs	300lbs	175lbs	175lbs		300lbs

1. Install Display Interface Brackets

Fasten the display interface brackets using fasteners (length and size recommended by the display manufacturer).

2a. Adjust Screen Center Height

Adjust Display mounting height by loosening the 4 screws located on the flange of the display header. The top screws will need to be loosened a little further than the bottom screws as they are longer for positioning the mount header level by protruding into the predrilled holes that can be seen in the vertical post.

3. Attach Tech Shelf Or Speaker Bracket (Optional)

Refer to Tech Shelf or Speaker Bracket Accessory Instructions to install.

4. Mount Display On Keyhole Header

Carefully align display interface brackets onto the keyhole header.
Be sure all mounting discs are fully engaged.

LIMITED WARRANTY FOR COMMERCIAL PRODUCTS

Salamander is proud to stand behind our products with industry-leading warranties. Should you ever encounter any problem with your Salamander product, let us know. We are here to make it right. 1.800.535.5659 - 860.761.9500
